3. Make notes of the following passage. Give a suitable title and summarize the entire passage into a paragraph having one third of the length of the passage.

It is undoubtedly very heartening for the people of Assam that the State Government had chosen the occasion of the 82nd birthday to confer upon celebrated singer and musician and Dada Sahab Phalke Award winner, Dr. Bhupen Hazarika the first Assam Ratna award. The award announced as a "birthday gift" from the people of Assam was given in recognition of Dr. Hazarika's immense contribution to the socio-cultural life of the State through his creations spanning over more than half a century.

At the age of 82, Dr. Hazarika took the occasion to share his thoughts with his millions of admirers in the state telling them that "he was feeling younger each day though the doctors do not agree". True, at this age one can hardly be in the best of health. But it is equally true that he will remain forever as the best among the best, an inexhaustible source of the richness of life for generations to come. On the occasion of his birthday, his message to the people of Assam is of great significance. "I want peace everywhere in the world. I want Assam to prosper. If there is peace, the rest of the good things will follow."

In his songs Dr. Hazarika pours out his soul for the cause of peace. He becomes in the songs at once the humble hutment dweller tending to the embers of a husk fire, he becomes at other times, the spar itself, igniting a people in stupor with electrifying energy. Cutting across the bonds of high and low, rich and poor, young and old alike, Dr. Hazarika sings tirelessly with gushes of various types of emotions making one to laugh and to cry, to rejoice and to despair and yet, long after the music ceases, it continues to echo in our hearts. Through the magic of his songs, he invites each one of us to be aware of the fact that we are indeed in the same boat; we are brothers that know not what we are truly brothers.
